BEI 401(k) Integration

After many years of working together and getting favorable reviews we are pleased to announce a strategic alliance between BEI and Ovation Payroll.

Ovation's technology is linked with selected 401(K) providers to handle the payroll submission. BEI can download all the data they need after the close of your plan year-end. **No census to fill out and no deferrals to submit!**

In addition, your employees can use Ovation's Employee Portal to gain access to 401(k) distribution forms and even model and request participant loans. **Your 401(k) and payroll vendor have never linked with such expertise.**
